

MEDICARE EDUCATIONAL WORKSHOP AT VFW POST 845

Everyone has a unique situation when it comes to healthcare coverage. Some of us have Original Medicare, others are on Medicare Advantage plans, and some have additional coverage through the VA or TRICARE due to military service or connections.

But no matter the scenario, the big questions we all face are: "Am I on the plan that's best for me?" & "How will the new Inflation Reduction Act affect my current plan and the options moving forward?"

Join us at the Downingtown VFW Post #845 for a free educational workshop to help answer these questions. If you are a veteran, you might also wonder how Medicare interacts with VA benefits or TRICARE. Retired military veterans who design Medicare Advantage plans

will also be present to
answer your questions!
